

**Ambitious  
about Autism**

# What is Coronavirus home testing?

A visual story explaining the  
Coronavirus home testing kit

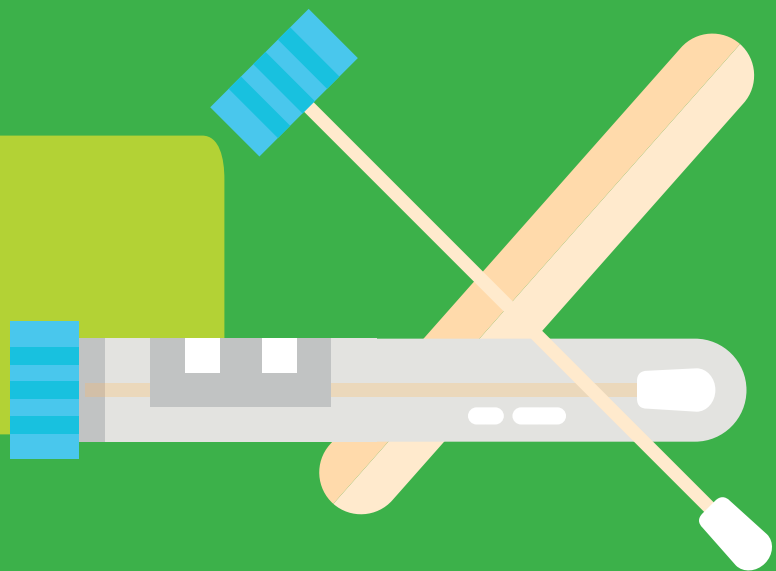

# I have to have a special test because I don't feel well

# To find out what is wrong, I have to have a special test called a swab test

It looks like this.

The test will be done by my parent or a nurse with my parent there.

# Swab test steps

- 1 My parent or the nurse will wash their hands.

- 2 First, I will blow my nose.

After, I will open my mouth wide so they can put the swab in.

It will not take long.

It might feel uncomfortable and make me cough.

- 4 Next, they will put the swab up my nose.

It will not take long.

It might feel uncomfortable and make me sneeze.

5

The test will be sent to the hospital laboratory.

They will find out why I don't feel well.

6

In 3 days' time, the hospital will tell my family why I don't feel well.

7

Soon I will feel better.

# We are Ambitious about Autism

Ambitious about Autism is the national charity for children and young people with autism.

We provide services, raise awareness and understanding, and campaign for social and policy change. Through TreeHouse School, The Rise School and Ambitious College, we offer specialist education and support.

Our ambition is to make the ordinary possible for more children and young people with autism.
