Endeavourers – Thomas, Albie, Sophia, Isla, Ivy, Violet, Oliver, Elizabeth and Riley.

(Children earn endeavourers tickets for endeavouring, excelling or enjoying their learning. We pull one ticket out of each class box during assembly on Friday. The winners enjoy a cup of hot chocolate on Friday afternoon.)

Celebrating Success

Today we introduced special awards for maths, the arts, sport and a Governor award for perseverance and resilience. Staff nominated children who they felt demonstrated either great progress or sustained achievement in the area.

The maths award was given to Chloe because of the extra effort she demonstrated in Unit 1 - Numbers 1-100. She has gained confidence and independence as the unit progressed. Well done Chloe.

The arts award was given to Isla because she consistently becomes engrossed in creative, artistic tasks. She is an enthusiastic reader, who is able to visualise the setting and characters that she reads about. Isla also enjoys creative writing, and drawing precise and emotive characters. Well done Isla.

The sports award was given to Harry because he has shown himself to be a fantastic sportsperson, who listens well to instructions and builds on previous skills. He is a real team player who is good at anticipating and thinking ahead. Harry is able to apply his skills across a variety of sports topics. Well done Harry.

The governor award was given to Joe because his efforts and resilience to do well this year have been second to none. He has worked extremely hard across all areas of the curriculum, working with the adults and independently to identify his areas of need and strategies to work towards these. He has a super attitude to his learning; he never gives up and always uses resources to help and is now determined to succeed.

Sensory processing difficulties workshop

You are here: [Home](#) > [Training](#) > [Event details](#)

Event description

The NHS, Lincolnshire County Council, Lincolnshire Parent Carer Forum (LPCF) and Aspens are offering an online support workshop for parents and carers of children and young people with sensory processing difficulties.

By sensory processing difficulties we mean:

- Sensitivity to certain sensations such as loud noises, smells, the feel of their clothes or another person's touch. Common sounds may be painful or overwhelming; the light touch of a shirt may chafe the skin, and these experiences interfere with the child's ability to engage in daily activities.
- Avoiding these sensations through certain behaviours.
- Lacking awareness of/not being sensitive enough to certain sensations such as food around their mouth, movement, and body position. Being unable to tell where limbs are in space or not being able to engage in conversation or play.
- Actively seeking sensations through behaviours such as chewing non-food items, fidgeting or being generally on the go.

The workshop will be held online on Zoom by a Behavioural Specialist from Aspens. It will be approximately two hours. Please ensure that you have accessed the resources prior to attending the workshop.

The workshop will not seek to provide a diagnosis but will provide information, advice and techniques on how to help you better understand sensory processing, and it will cover strategies and equipment that will help you to support your child.

For any questions about the booking or course details please email: LHNT.lincschildrenstherapyservice@nhs.uk
